

Precautions before use

Please note following

*Visa can be applied through this system only when a person who has an ordinary passport visits Japan by airplane.

If the person doesn't possess an ordinary passport or visit Japan by ship, please contact the Japanese overseas establishment with jurisdiction over region to apply for a visa in paper.

*Employment in Japan is not permitted with a short-term stay visa.

If the person stays longer than the period of stay granted at the time of entry, he/she will be considered illegal stayer (overstaying) and subject to crackdown.

Recommended environment

- ▶ Please make sure to enable JavaScript in order to use the JAPAN eVISA service. If JavaScript is disabled, the system will not work properly.
- ▶ The following operation systems and browsers are recommended to optimally view this website. If you use any other operation system or browser, there may be cases where some functions do not work properly.
- ▶ The page may not be displayed properly depending on your PC environment.

- **Device specifications**

OS	: Windows, macOS v10.12
CPU	: Model with 1-GHz operating frequency or faster
Memory	: 2 GB or more
